Field Descriptions:

SCORED fields (affect your score):

category — Needle category, e.g. "arithmetic_error", "invalid_date" [MATCHED]
document_refs — Document IDs involved, e.g. ["INV-2025-0042"] [MATCHED, >=50% overlap]
pages — Page numbers where the error appears [SCORED, +/-1 tolerance]
reported_value — The incorrect value found in the document [SCORED, 5% numeric tolerance]
correct_value — The expected correct value [SCORED, 5% numeric tolerance]

NOT SCORED (informational only):

team_id — Your team identifier
finding_id — Your internal ID per finding, e.g. "F-001"
description — Free text explanation (not scored, for human review only)

Penalty: -0.5 pts per unmatched finding (capped at 20% of earned score).

Good luck! May the best pipeline win.
